

Ringleader Man

T-Pain

Ohhhhh Ohhhhh Ohhhhh
Heyy, we gone have a ripping good time
Just hit rewind
And you can see I'm far too crazy
My rythems and rhymes
Keep niggas in line
Cause now is not the time to be lazy
I'm the ringleader man
A cane in my hand
And an iced out top hat on my head
Ain't you tired of that whackness
Sick of this whack shit
Wouldn't you like some of me instead
The ringleader man
This is my circus I'm working
I can flip this whole thang with one hand
The ringleader mann
I knooooowwww
For a fact that you rather just have some of me instead
The ringleader mann
Huh
The ringleader mann
Huh
Heyy, this industry is my circus
I know that it hurts
Just sit back and take pain like i use to
And im try to stop cursing
But i dont give a fuck
Im gone curse u with lyrical vudoo
I'm the ringleader man
You can't understand
The shit that comes out my head
But you like all that whackness
Loving all that whack shit
I rather say fuck you instead
The ringleader mann
This is my circus I'm working
I can flip this whole thang with one hand
The ringleader mann
I knooooowwww
For a fact that you rather just have some of me instead
The ringleader man
Huh
The ringleader mann
Huh
