

# When I Come Home

T-Pain

Hey, No No No No!

Hey, Na Na Na

I can hear my baby saying my name, (Na Na Na)!

But I don't see my baby in time, (Na Na Na)!

Without you in here, It ain't the same

I didn't mean word I said to you last night

If you decide to pick up the phone, oh baby

I'll be waiting for you, Oh Woo

Tell me what's wrong, I didn't mean to ignore you

Don't quit me baby I can fix it baby

Being by myself is now my biggest fear

Cuz I want you here when I come back

There ain't nothin' I look more forward to than that

And I want you here when I come home

Cuz I can't stand to be alone, you gotta be here

When I come back, No

When I come back, Oh No

When I come back, No

When I come back, Oh No

Hey, Na Na Na

I can hear you telling to come home, (Na Na Na)!

But you may not even be there, (Na Na Na)!

We not gon make it if I'm always gone, oo whoa

Plus u told me you won't going anywhere, Oh No

If you decide to pick up the phone, oh baby

I'll be waiting for you, Oh Woo

Tell me what's wrong, I didn't mean to ignore you

Don't quit me baby I can fix it baby

being by myself is now my biggest fear

Cuz I want you here when I come back

There ain't nothin' I look more forward to than that

And I want you here when I come home

Cuz I can't stand to be alone, you gotta be here

When I come back, No

When I come back, Oh No

When I come back, No

When I come back, Oh No

Hey, Na Na Na
