

Girl

T. Rex

O God
High in your fields above earth
Come and be real for us
You with your mind
Oh yes you are
Beautifully fine

O Girl
Electric witch you are
Limp in society's ditch you are
Visually fine
Oh yes you are
But mentally dying

O boy
Just like a boat you are
Sunk but somehow you float you do
Mentally weak
Oh yes you are
But so much you speak
