Baby I've got metal knees ooh.

Lady I'm beggin' of you please

Baby you think you're a champ but

Girl you ain't nothin' but a raw ramp.

Lady, your lips are the most

Baby, your mouth is like a ghost

Lady, you think you're a champ but

Girl you ain't nothin' but a raw ramp.

Woman, I love your chests ooh,
Baby, I'm crazy 'bout your breasts
Woman, you think you're a champ but
Girl you ain't nothin' but a raw ramp
Baby I've got metal knees ooh.
Lady I'm beggin' of you please
Baby you think you're a champ but
Girl you ain't nothin' but a raw ramp.

Baby, I love your chests ooh,
Lady, I'm crazy 'bout your breasts
Woman, you think you're a champ but
Girl you ain't nothin' but a raw ramp
You ain't nothin' but a raw ramp.....

Standin' on a corner by my old high school, I let this female call me a fool I got on my knees and begged to the sun And I knew that my manhood had begun Boogie on, electric boogie, boogie on Embrace your brother, dance in the mud Like a Palamino stud Come along hold my hand.
