

Ride My Wheels

T. Rex

Oh baby won't you ride them

I'm just a boy, be my toy

Ride my wheels

I'm just a boy, be my toy

Ride my wheels

I've got some punk

To lay on you

Just be real girl

I never asked you to be true

Slim is the wind

And my head is slight

But lady I want to

Oil your engines all night

Drive me baby

I give service
