

## Sanctified

T. Rex

She's got a greased like chalice  
back like a blue sharks fin (like a blue shark)  
Well she moves like a mammoth  
she's fine with her ebony skin (like a blue shark)

Over and over the sighed  
over and over she cried  
she's sanctified

Hammer-head abandoned  
who sleeps like the leaves of spring (like a blue shark)  
Well exhausted like a mammoth  
a mammoth child, a real tough thing (like a blue shark)

Over and over she sighed  
over and over she cried  
she's sanctified

She's got a greased like chalice  
head like a rubber band  
Well she walks like a mammoth  
her skin is like ebony blue
