

American Zone

T.S.O.L.

There's blood on the streets again today
All the people dying what a price we have to pay
Around the world they're fightin'
It's not that far away
feel the darkness
Can we change our ways?

We line in the American zone
Free of fear in our American home
Swimmin pool and digital phone
What do we say when Johnny comes home

Johnny just got back from war today
Beruit weekend, the powder keg
He was 20 years old and he lost both of his legs
We're all really sorry today

What do we say
What do we say
What do we say
When Johnny comes home
and he lost his legs.
