

# Come And Get My Love

T-Spoon

I would die, I would lie for you  
Move mountains if you want me to  
I will pull the sun right out of the sky  
Let's take it nice and slow

I would lie for you and that's the truth  
I never ever want to make you blue  
I'll show you heaven in my arms  
Is it really you?

Your every wish I'll make come true  
It might be crazy, crazy for you  
When I touch you and make you feel good  
Make love to you like Casanova would

I don't want you for a one night stand  
My whole life with you I wanna spend  
The way I feel for you words cannot express  
You fill me up with happiness

Come and get my love, don't turn around  
I will never let you down, come and get my love  
Don't waste your time, you're magical  
So sensual, emotional, so beautiful

Come and get my love  
And you will see you mean everything to me  
All that I wanna do is make your dreams come true  
Is it really you?

Without you there is no me  
You're my honey and I'm your bee  
Let me show you I'm your lover man  
The one that you can trust the one you know who'll be fair

Let's take it nice and slow  
I'm applying for a license to thrill  
Your every wish I will fulfill  
You're the queen of ultimate correct  
I'm your king with ultimate respect

Come and get my love, don't turn around  
I will never let you down, come and get my love  
Don't waste your time, you're magical  
So sensual, emotional, so beautiful

Come and get my love  
And you will see you mean everything to me  
All that I wanna do is make your dreams come true  
Is it really you?

I'll do anything you ask me to  
Even sell my soul for you, always thinking about you  
I want you to be around  
Never ever let you down, there's no living without you

Tell me that you'll never go

Wanna take it nice and slow, we'll be happy together  
You're magical, so sensual, emotional, so beautiful  
That's the way that you are

I would die, I would lie for you  
Move mountains if you want me to  
I will pull the sun right out of the sky  
Let's take it nice and slow

I would lie for you and that's the truth  
I never ever want to make you blue  
I'll show you heaven in my arms  
Is it really you?

Come and get my love, don't turn around  
I will never let you down, come and get my love  
Don't waste your time, you're magical  
So sensual, emotional, so beautiful

Come and get my love  
And you will see you mean everything to me  
All that I wanna do is make your dreams come true  
Is it really you?

Do you really want me?  
Our love can't wait, so don't hesitate tonight  
Can we take it nice and slow?  
You make me believe that you are the thief of my heart

How can I believe in you?  
You make me survive, you've changed all my life for real  
What am I supposed to do?  
I wanna be near you every day, tell me this is for real

Come and get my love, don't turn around  
I will never let you down, come and get my love  
Don't waste your time, you're magical  
So sensual, emotional, so beautiful

Come and get my love  
And you will see you mean everything to me  
All that I wanna do is make your dreams come true  
Is it really you?
