

I never... I never... I never wanna be...
Don't wanna be a rockstar

Come down, gather round
Take a look what I found
Living good, living fine
But he does too many lines
Hardcore, grunge hits
I want another lick
Fast car, caviar
Limo with a minibar
High risk, cheap tricks
Looking for another hit

I never... I never... I never wanna be...
Don't wanna be a rockstar

Did you hear the story
Of the morning glory
She is hot as hell
When she shakes her feather tail
Take it of in a flash
Better than an autograph
Singing high, singing low
Hidehidehideho

Rockstar, where you are
Driving in your fancy car
Lot's of women, much cash
Tell me where you hide your stash

I never... I never... I never wanna be...
Don't wanna be a rockstar

Rockstar, tattooed
Rebel with an attitude
Living life on the run
Tell me are you having fun

Let me tell you where to go
If you want a rockshow
Beck, tool, no fool
Hole is not a swimming pool
Red hot chili
Lenny needs some therapy
Offspring, greenday
Rock and roll is here to stay

I never... I never... I never wanna be...
Don't wanna be a rockstar

Rockstar, tattooed
Rebel with an attitude
Living life on the run
Tell me are you having fun
