

# Garbage Man

Tab Benoit

My baby ran away with the garbage man  
My baby, she ran away with the garbage man  
Oh, I need you so bad, baby  
So you can empty my garbage can

I don't know where she's been  
I don't know where she's goin'  
I don't know where she's been

I don't even know where she's goin'  
Please come back to me, baby  
My garbage can is overflowin'

My baby she ran away with all my hard earned cash  
My baby, ran away with all my hard earned cash  
I don't need the money all that bad  
I just need someone to empty my trash

My baby ran away with the garbage man  
My baby, she ran away with the garbage man  
Oh, I need you so bad, honey  
So you can empty my garbage can

My baby, she ran away with the garbage man  
My baby, she ran away with the garbage man  
I need you so bad  
So you can empty my garbage can
