

Somehow

Tab Benoit

What can I do?
I can't stop thinkin' about you
Oh, what can I do?
I can't stop thinkin' about you
I know it's time to go now
But, but I'm sure we'll meet again somehow

One of these days
I'm sure we'll meet again
I didn't want
To see this come to an end
If I was only still a child
It might be easier to let go somehow

When I needed you
You didn't lend me your ears
But you left me too soon
Oh and it's got me in tears
I gotta say goodbye from now
But I'm sure we'll meet again somehow
