

## Burn Process

Tactical Sekt

Burn process  
Death processors  
Chemical cocktail  
Society feeds on the defenceless

Hate incarnate  
Evil incarnations  
Blame your culture  
Justified their incantation

Burn process  
Stealing posesions  
Theft of souls  
Squandering away the resurrection

Pain decided  
Structured dealing of the dead  
Tear the flesh away  
Extinction is a viable threat

Plasma melting this flesh away  
No time to hear my confession  
And now my future is gone away  
I'm falling into deep depression

Burn process

Annihilatation

Burn!

Burn process  
Death processes  
Chemical cocktail  
Society breeds on the defenceless

Hate invited  
Evil incarnation  
Hate your culture  
Justified invocation?
