

## I'll Never Love Again

Taio Cruz

I was wrong to let you walk right out  
of my life,  
I was dumb to think that I could survive,  
Was a fool to think the grass was  
greener on the other side,  
Now it hurts to know that it means  
that I...  
I'll never love again (Never Never)  
I'll never love again (Never Never)  
I'll never love again (Never Never)  
I'll never love again (Never Never)  
I'll never find nobody who can love  
me like you do  
I'll never find nobody to treat me  
the way you do,  
I'll never find nobody else babe, hey  
I'll never fall in love again eh,  
I was stupid to think that any love  
could compare,  
To the love that you gave to me  
from you,  
Was a fool, yes a fool to think that  
I'd find anywhere,  
Anyone thats better for me than you...  
And now my heart is stone cold  
because you've gone, gone away,  
(away) gone away, (away)  
And now my heart is stone cold  
because you've gone, gone away,  
(away) gone away, (away)  
And now my heart is stone cold  
because you've gone, gone away,  
(away) gone away, (away)  
And now my heart is stone cold  
because you've gone, gone away,  
(away) gone away, (away)  
Gone away. I'll never find nobody who can love  
me like you do  
I'll never find nobody to treat me  
the way you do,  
I'll never find nobody else babe, hey  
I'll never fall in love again eh,..  
i want her back
