

## Child

Tait

You want to run, but you're too afraid to leave  
You said you have faith, but not enough to believe

Back and forth, you go back and forth again  
It wears you down, and it ties your hands

No more running  
Search is over  
Your salvation  
Has brought you back to life

Child wipe your tears away  
Cause Jesus cares for you  
He knows you're hurting  
And all you're going through  
Won't you try just test your faith and see  
You'll walk the oceans and believe  
He's right there by your side  
Oh child

Out of place is where you find yourself  
Without a trace  
You send an S.O.S. for help

No more running  
Search is over  
Your salvation  
Has brought you back to life

Child wipe your tears away  
Cause Jesus Cares for you  
He knows you're hurting  
And all you're going through  
Won't you try just test your faith and see  
You'll walk the oceans and believe  
He's right there by your side  
Oh child

Wipe your tears away  
Cause Jesus Cares for you
