

Scratch My Back

Taj Mahal

I'm itchy
And I don't know where to scratch
Come here baby, scratch my back
I know you can do it, so baby get to it

You're workin with it now
You got me feelin' so good
Just look to the sun now baby

This little girl sho' knows how'd scratch
Now, you're doin' the chicken scratch
It's lookin' good baby
Just gettin' scratch
That's what I'm talkin' bout
