

## Flaws

## Take That

You should know  
What you're fighting for  
Can't promise you  
All that perfect life  
To get this far  
I've seen darker times  
Never looking up  
Running from the light  
Always out of reach  
Ignoring every sign

I have so many so many flaws  
If you take me you take me  
They yours  
And if you see tomorrow  
I'll give you it all  
Take me take me  
I'm yours

You should know  
Cause I care about you  
And you deserve more than any truth  
The dirty soil  
Is still beneath my nail  
Don't know how to win  
Only how to fail

I have so many so many flaws  
If you take me you take me  
They yours  
And if you see me tomorrow  
I'll give you it all  
Take me take me  
I'm yours

Ohh I wanna be a better man than I am  
Ohh I wanna be the one who says he understands  
If you see tomorrow  
I'll give you it all  
Take me take me  
I'm yours

I have so many so many flaws  
If you take me you take me  
They yours  
Ohh if you see me tomorrow  
I'll give you it all  
Take me take me  
I'm yours  
Just take me take me  
I'm yours  
Just take me take me  
I'm yours
