Hold On

We've been many times before Leaving rooms and slamming doors We're climbing up the bedroom walls Sometimes we make it so frustrating I touch your mouth, I touch your lips The answers are our fingertips Not giving up or giving in Why are we so complicated?

Oh tell me what to say, tell me To make it all OK, yeah

[Chorus] I don't wanna see you hurting Just hold on Just hold on to me I don't wanna see you crying So hold on So hold on to me

I'm trying to think of what to do To really make it up to you So many truths, too many lies Making love can be so crazy I find myself back here again Asking you to let me in You know it's time, we need to change How can we live with all these maybes?

There are no words that say, no words To make it go away

[Chorus]

Cause baby it's alright I'm staying here tonight So hold on

Just tell me what to say To let you know I'll always stay **Take That**
