Hope

Take That

Learn from every lesson Face the lonely fear Imagine that the tightrope was here There's angels in the silence The taste of your own tears Is cold Everybody needs a little hope, hope, hope (Hope, hope, hope) Bathe in every blessing Burn your brightest flame Love's the only bible we claim Hide from every judgement Trust what can't we see And dream Everybody needs a little hope, hope, hope Hope, hope, hope Hope, hope, hope The stars are us Light up, light up Oh, the stars, they are us Just look up Look up Everybody needs a little hope, hope, hope Hope, hope, hope Everybody needs a little hope, hope, hope Hope, hope, hope (Hope, hope, hope Hope, hope, hope) The stars are us Light up, just light up Oh, the stars are us Just look up, look up Light up, light up Oh, the stars, they are us Just look up, light up Look up, light up Everybody needs a little hope
