

Kings and Queens and Presidents  
Ministers of Governments  
Welcome to the future of your world

Through talking heads that took liberties  
The monkeys learnt to build machines  
They think they'll get to heaven through the universe

They say nothing  
Deny everything  
And make counter accusations  
My friends, my dear, my love, my God

There'll be trouble when the kidz come out (come out)  
There will be lots for them to talk about (about)  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out  
When the kidz come out

Hey, hey, hey, hey, hey  
What you looking at  
Hey, hey, hey, hey  
You want a bit of that  
Hey, hey, hey, hey  
There will be trouble when the kidz come out  
When the kidz come out  
Hey

Mirror, mirror on the wall  
Who's the fairest of them all?  
The Good, the Bad, the Ugly or the Beautiful

Because it's up hill and against the wind  
With no-one there to let us in  
Leave your thoughts and save yourself you fool

The daggers of science  
Evolving into violence  
We're not sure where the fallout blows  
But we all know .

There'll be trouble when the kidz come out (come out)  
There will be lots for them to talk about (about)  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out  
When the kidz come out

Hey, hey, hey, hey, hey  
What you looking at  
Hey, hey, hey, hey  
You want a bit of that  
Hey, hey, hey, hey  
There will be trouble when the kidz come out  
When the kidz come out  
Hey

Out on the streets tonight

They're making peace tonight  
They're making peace

La, la, la, la...

There'll be trouble when the kidz come out  
There will be lots for them to talk about  
There'll be trouble when the kidz come out  
When the kidz come out, when the kidz come out

There'll be trouble when the kidz come out
