

If I die now  
Before I wake up  
Ask myself did I give enough love  
Lookin' in when you are lonely outside  
Ask yourself  
Do you really love life?  
Do you really love life?  
Do you really love life?  
Do you really love life?

Harder, come me up  
Good day, out of look  
My bones, sticks and stones  
Dear Lord, take me home  
Big dreams, till the end  
I come out of the ocean  
To make my peace with you  
I'm only fighting for you  
Girl, I'm only fighting for the world

If I die now  
Before I wake up  
Ask myself did I give enough love  
Lookin' in when you are lonely outside  
Ask yourself  
Do you really love life?  
Do you really love life?

What a way what a way  
What a way to go  
Maybe something  
Maybe nothing  
But it's all I know  
What a way what a way  
What a way to go  
Givin' all my love  
What a way what a way  
What a way to go  
Maybe something  
Maybe nothing  
But it's all I know  
What a way what a way  
What a way to go  
Give you all my love

If I die now  
Before I wake up  
Ask myself did I give enough love  
Lookin' in when you are lonely outside  
Ask yourself  
Do you really love life?  
If I die now  
Before I wake up  
Ask myself did I give enough love  
Lookin' in when you are lonely outside  
Ask yourself  
Do you really love life?
