

SOS

Take That

Save our souls we're splitting atoms  
Go tell Eve and go tell Adam  
Liberate your sons and daughters  
Some are gods and some are monsters  
We'll get a five minute warning for divine intervention  
With the satellites falling prepare for ascension

Under mind control  
We'll be practicing our politics  
Defending all our policies  
Preparing for apocalypse  
Don't let the hungry serpent see you no  
No, no, no, no, no

She'll let you fall asleep then eat you whole  
It's like a bullet to the head  
It's an SOS, it's an S.O.S.,  
Oh yes, oh yes, it's an S.O.S.  
It's an SOS, it's an S.O.S.,  
Like a bullet in the head, it's an S.O.S.

When the levee breaks  
And Manhattan sinks  
There won't be water fit to drink  
When the winter's warm  
And the summer's cold  
The poison stops you looking old

You'll get a five second warning for divine and intervention  
And the satellites are falling prepare for ascension  
As the earth looks on  
The odds or probability  
Of losing all capacity  
To function it's hereditary  
No antibiotic can save us now  
No, no, no, no, no  
We are the virus that we talk about

It's like a bullet to the head  
It's an S.O.S., it's an S.O.S.,  
Oh yes, oh yes, it's an S.O.S.  
It's an S.O.S., it's an S.O.S.,  
Like a bullet in the head, it's an S.O.S.  
It's an S.O.S. it's an S.O.S.,  
Oh yes, oh yes, it's an S.O.S.  
It's an S.O.S., it's an S.O.S.,  
Like a bullet in the head, it's an S.O.S.

Like a bullet in my head  
Like a bullet in my head  
It's an S.O.S., it's an S.O.S.,  
Oh yes, oh yes, it's an S.O.S.  
It's an S.O.S., it's an S.O.S.,  
Like a bullet in the head, it's an S.O.S.  
It's an S.O.S. it's an S.O.S.,  
Oh yes, oh yes, it's an SOS  
It's an S.O.S., it's an S.O.S.,

Like a bullet in the head, it's an S.O.S.
