

Stay Together

Take That

Oh love, tell me now
Is there room for me in your company?
'Cause my heart aches to see yours break
Can we both pick up the pieces?

Let's just try to stay together
Find a way to make it better
Maybe you and me, baby
Let's just try to work it out
We've come too far to give up now
Baby, don't let me down

Oh Lord, hear me now
Could You put a good word in somehow?
'Cause I have tried from time to time
Let her find some faith in me

Let's just try to stay together
Find a way to make it better
Maybe you and me, baby
Let's just try to work it out
We've come too far to give up now
Baby, don't let me down

'Cause I can't lie that I'm not scared
I'm turning into someone else and twisted up inside
Don't tell me please, don't tell me now
Don't tell me it's over

Let's just try to stay together
Find a way to make it better
Maybe you and me, baby
Let's just try to work it out
We've come too far to give up now
Baby, don't you let me down

Don't tell me please, don't tell me now
Don't tell me it's over

Let's just try to stay together
Find a way to make it better
Let's just try to stay together
Find a way to make it better

Let's just try to stay together
Find a way to make it better
Let's just try to stay together
Find a way to make it better
