

Oh One Last Thing

Take The Crown

The last thing that I felt was in your eyes,
the last thing that I, I felt was in your arms tonight.
Two more hours waiting by the sanction with obvious hesitation.

And I'll hold tight to what means most to me.
The last thing that I saw was your eyes telling me not to go,
the last thing that I saw was your eyes, pulling me pulling me.
Is this impossible cuz I would never know.
So I walk backwards to see myself look where it takes me now. I
've failed.

The last thing that I saw was your eyes telling me not to go,
the last thing that I saw was your eyes, pulling me pulling me.
Nothings changed. But everything, after all.
The last thing that I saw was your eyes telling me not to go,
the last thing that I saw was your eyes, pulling me pulling me.
