## Julia

## **Taken by Trees**

Julia, you're not the talking kind Julia, I've been your kind I hope you know, hope you know Hope you know

You can tell me all that's on your mind We rarely speak but I do think of you a lot

They told me you were afraid of things Had to wear shoes inside, dear Julia I heard you're fond of singing songs Doing it on you own sweet, Julia

Julia, there is so much in your favor Take what's yours, take some more, dear Julia Have I told you, have I told you, have I told you? I'm the one who really understand

'Cause' I have been all the places You have been, dear Julia

They told me you were afraid of things Had to wear shoes inside, dear Julia I heard you're fond of singing songs Doing it on you own, sweet Julia

Just told me you were afraid of things Had to wear shoes inside, dear Julia I heard you're fond of singing songs Doing it on you own, sweet Julia
