

## Lost And Found

Taken by Trees

I took myself out walking  
By the evening I was running  
I hadn't done this for a long while  
My friend said cheer up, it was high time

But can't you see I'm lovesick?  
I need a cure so bring it real quick  
This time I'm fearing heartbreak  
Look at the time, it's almost daybreak

Oh, I don't want to settle down  
I don't want to leave this town  
I'm feeling lost and found  
Am I wild, wild, wild, wild, wild?

Oh, I am most dissatisfied  
You can tell this looking in my eyes  
She looks like a lovely piece of art  
But pills plus miles tear us apart

Oh, oh, oh, oh

I took myself out walking  
By the evening I was running  
I hadn't done this for a long while  
My friend said cheer up, it was high time

But can't you see I'm lovesick?  
I need a cure so bring it real quick  
This time I'm fearing heartbreak  
Look at the time, it's almost daybreak

Oh, I don't want to settle down  
I don't want to leave this town  
I'm feeling lost and found

Am I wild, wild, wild, wild, wild?  
Am I wild, wild, wild, wild, wild?  
Aren't we wild, wild, wild, wild, wild?
