```
(How will I know?)
If only it could happen
(I hear you call)
You just keep feeding the pain,
(I wanna know)
Surreal makes it better,
(How will I know?)
I'm digging a hole in the ground
How come we didn't get further,
I'm blaming you and my wicked piece of mind
Back in the hole again,
Back in the hole again,
Back in the hole, I still live in a lie
In time everything will be alright,
But now I'm craving for a sign
Now it's so far away,
Now it's so far away,
Making love without love, will I ever find?
(How will I know?)
If only it could happen
(I hear you call)
You just keep feeding the pain,
(I wanna know)
Surreal makes it better,
(How will I know?)
I'm digging a hole in the ground
(How will I know?)
If only it could happen
(I hear you call)
You just keep feeding the pain,
(I wanna know)
Surreal makes it better,
(How will I know?)
I'm digging a hole in the ground
Just keep feeding the pain
Enchanted by you and your life
Just keep feeding the pain
Your touch is someting I'm not used to
It's not alright, escaping from safety in life
Don't wanna fall for you,
Don't wanna fall for you,
Uncertain love is so easy to find
Not pure self-pity is a dark foe
I know, but it's my only friend somehow
Break the selfish wall,
Break the selfish wall,
Once a man now a boy who's fumbling in the dark
(How will I know?)
```

If only it could happen

(I hear you call)
You just keep feeding the pain,
(I wanna know)
Surreal makes it better,
(How will I know?)
I'm digging a hole in the ground

(How will I know?)
If only it could happen
(I hear you call)
You just keep feeding the pain,
(I wanna know)
Surreal makes it better,
(How will I know?)
I'm digging a hole...
