Takida

I'm falling under your spell, I'm falling under your spell, I won't tell
Don't throw your love away, Don't throw your love away
, try, I do mind

I want to get inside your head And follow up the bad marked touch
It's in the lust, I'm going to be the one I'm going to be the one

Breathe like you want to live, Breathe like you want to live, fine,
tell me lies Take everything you want, blame all the lucky ones
Side, It's alright

I want to get inside your head And follow up the bad marked touch
It's in the lust, I'm going to be the one I'm going to be the one

Just turn me inside out, cut me open Find what used to be my feature
I'm spent of being willow, it's aching in my head I want to cause me pain

I think you know this time, I think you know this time, why, what am I?
Don't kill the dream again Please take my open hands now, no more strife
