

# Great Romances of the 20th Century

## Taking Back Sunday

A beautiful girl can make you dizzy  
Like you've been drinking jack and coke all morning  
She can make u feel high  
Full a single greatest commodity known to man  
Promise promise of a better day  
Promise of a greater hope  
Promise of a new tomorrow  
This particular aura can be found in the gait of a beautiful girl  
In her smile & in her soul & the way she makes every rotten little thing abo  
ut life seem like its gonna be ok...

September never stays this cold  
where I come from  
And you know  
I'm not one for complaining,  
But I love the way you'd roll  
excuses off the tip of your tongue  
as I slowly fall apart (slowly, quietly, slowly)  
fall apart

This won't mean a thing come tomorrow  
and that's exactly how I'll make it seem  
Cause I'm still not sleeping,  
thinking I've crawled home from worse than this

So please, please (please)  
I'm running out of sympathy (I'm running out of sympathy!)  
and I never said I'd take this  
I never said I'd take this lying down

She says  
"come on, come on, let's just get this over with"  
She says  
"come on, come on, let's just get this over with"  
(I never said I'd take this lying down, let's just get this over with,  
and I've crawled home from worse than this)  
She says  
"come on, come on, let's just get this over with"  
She says  
"come on, come on.."

You always come close but this never comes easy,  
I still know everything  
You always come close but you never come easy,  
I still know everything  
This always comes close but you never come easy,  
I still know everything  
You always come so close...  
I still know everything, I still know everything, I still know...

You always come close but this never comes easy  
You always come close but you never come easy  
You're coming in... you're coming close

I never said I'd take this lying down  
I never said I'd take this lying down  
I never said I'd take this lying down

but I've crawled home from worse than this

If it's not keeping you up nights  
then what's the point  
then what's the point  
then what's the point  
then what's the point

I'm in your room  
now is this turning you on  
am I turning you on?

I'm in your room  
are you turned on?

I'm on the corner of your bed,  
I'm thinking maybe,  
are you turned on,  
are you turned on?
