

What's It Feel Like to Be a Ghost?

Taking Back Sunday

And then you said a little more about your dreams,
Like that was my call (my call)
If you would only listen
Bypassed everything and went straight for the neck
(I start it)
Well, start it
(up nightly)
Dragged you out into those streets
Before you buckle at your knees (buckle at your knees)

What's it feel like to be a ghost?
(Well, louder now right now)
What's it feel like to be a ghost?
Are you up for, are you up for this?
(Well, are you up for, are you up for)
Are you up for, are you up for this?
(Well, are you up for, are you up for)

This is quick but not quite painless,
It sits perched on your arm.
Tacky and irrelevant (So what?)
A permanent reminder that, ah Christ
(I start it)
Well, start it
(up nightly)
Dragged you out into those streets
Before you buckle at your knees (buckle)

What's it feel like to be a ghost?
(Well, louder now right now)
What's it feel like to be a ghost?
Are you up for, are you up for this?
(Well, are you up for, are you up for)
Are you up for, are you up for this?
(Well, are you up for, are you up for)

I said "so, look closely
There might be something you'd like"
What was it like?
(Oh and I)
Looked so close, it's been months
Who knows if I,
Will get this right.
(Oh and I)
Look so closely, there might be something you'd like
What was it like?

Oh and I

So, what's it feel like to be a ghost?
(Well, louder now right now.)
What's it feel like to be a ghost?
Are you up for, are you up for this?
(Well, are you up for, are you up for)
Are you up for, are you up for this?
(Are you up for, are you up for)
