

Talk To Me

Tal Bachman

Uptight, I'm up all night I can't sleep
Trying to find the exact words that I could say
To ease your pain, I'm thinking over
The way I treated you and hurt you deep inside
I know you're feeling bad, but give me one more try

Come on talk to me, I know what you're feeling
Come on walk with me, my guilty heart is pleading
I want to prove my love to you, so let me make it up to you
And be what you need, give me one more try
And talk to me

This time I know that I crossed the line, and I regret it
So I'm asking for a shot to unbreak your heart, so you forget it
I Made up my mind that I'm a gonna make your dream come true
I swear I'll put things right, there's nothing I won't do

Come on talk to me, I know what you're feeling
Come on walk with me, my guilty heart is pleading
I want to prove my love to you, so let me make it up to you
And be what you need, give me one more try
And talk to me

I know you probably think that I could never change
But I'm gonna give you every hour of my day in every single way
Yeah, yeah, yeah

Made up my mind that I'm gonna make your dream come true
I swear I'll put things right, there's nothing I won't do

Come on talk to me, I know what you're feeling
Come on walk with me, my guilty heart is pleading
I want to prove my love to you, so let me make it up to you
And be what you need, give me one more try
And talk to me

And talk to me
Yeah, talk to me
I know what you're feeling
Come on, walk with me, my guilty heart is pleading
Yeah, yeah, yeah

Yeah, talk to me
Talk to me
