This mo too, and you wont get it, i dont owe you

You want high tec to do a record for you

So niggas do checkup for you,

Comfortable, coz niggas get respected for you

Get your own respect dude that aint mean it evil

Aint no crutches in no crew, my crew is crued equal

Shit was cool when we was teenagers we grown men,

They like a pimp, on they hoe sweat em

When i do a show i love to catch a ladies eye

Thas a paperatsie's eye i dont wanna see no lady die

Sports, entertainment, academics, business and politics

Fine hoes swallow dicks, for dollas quick

Young boys roll up in gangs like young lords

Jump off statutory rape and now your done for

What you thought that shawrty about to act a rage(nope)

Right now somebody's daughter is backstage

Its a master's label relationship and guess who told me

Its the white girl from Colarada and guess who Kobe
