

# Heaven's Got Another Hero

Talisman

He 1st appeared b4 me  
in the form of a dream  
he was an eminent man  
graced with charm & dignity  
he said 'live life the best u can'

as i rose up in my bed i realized this wasn't just a  
dream  
cuz the picture on the wall was a face i knew, but  
never met b4

although we will never meet, eye 2 eye  
now i know his spirit will guide me with a father's  
hand  
& he's watching over me in the sky above

cuz, heaven, heaven's got another hero  
as i've heard the angels sing  
heaven, heaven's got another hero  
& he's left me this offering of love

he shared philosophies like they were tales from days  
of old  
thru his inspiration i learned a better way of life  
than i would  
know alone  
one thing we have in common is our humble beginnings  
we took ambition & rose above it all without 4getting  
where we  
came from

& on the day he died time was standing still  
4 his soul was born again  
& now his name will carry on  
& if u close your eyes  
u can still hear his smile  
u can still hear his smile

now that you're gone  
i'm all alone  
2 make it on my own  
thru space & time  
we'll reunite  
i'll see u i'll see u on the other side

now in my children's eyes  
i can hear u smile  
& the world u've left behind still shines 4 us all 2  
see  
that's what makes me believe
