

# Standin' On Fire

Talisman

We tried 2 avoid disaster  
But it's 2 late this time  
But life goes on all but faster  
& no change in sight  
On fire  
As I reach out 4 U  
I'm standin' on fire  
The lies & the cold deception  
Right in front of our eyes  
They gave us the wrong perception  
That led 2 goodbye  
On fire  
As I reach out 4 U  
I'm standin' on fire  
On fire  
Can U hear me callin'?  
I'm standin' on fire  
& now that the tears R gone  
Everything is alright  
We tried 2 avoid disaster  
In our hearts, in our minds  
On fire  
As I reach out 4 U  
I'm standin' on fire  
On fire  
Can U hear me callin'?  
I'm standin' on fire  
Now I'm fallin'  
Yeah!!!  
I'm standin' on fire  
I'm standin' on fire
