

Summer bled of Eden  
Easter's heir uncrowns  
Another destiny lies leeched  
Upon the ground

Everybody needs someone to live by  
Everybody needs someone  
Everybody needs someone to live by  
Rage on omnipotent

A gilded wreath on reason  
The flower crushed conceives  
A child of fragrance so much clearer  
In legacy

Everybody needs someone to live by  
Everybody needs someone to live by  
Everybody needs someone to live by  
Rage on omnipotent
