Found a Job

Talking Heads

"Damn that television, what a bad picture Don't get upset, it's not a major disaster There's nothing on tonight," he said "I don't know what's the matter Nothing's ever on", She said "So I don't know why you bother"

We've heard this little scene We've heard it many times People fighting over little things And wasting precious time

They might be better off I think The way it seems to me Making up their own shows Which might be better than TV

Judy's in the bedroom
Inventing situations
Bob is on the street today
Scouting up locations

They've enlisted all their family They've enlisted all their friends It helped saved their relationship And made it work again

Their show gets real high ratings They think they have a hit There might even be a spin off But they're not sure 'bout that

They ever watch TV again
It'd be too soon for them
Bob never yells about the picture now
He's having too much fun

Judy's in the bedroom
Inventing situations
Bob is on the street today
He's scouting up locations

They've enlisted all their family They've enlisted all their friends It helped save their relationship And made it work again

So think about this little scene Apply it to your life If your work isn't what you love Then something isn't right

Just look at Bob and Judy They're happy as can be Inventing situations Putting them on TV Judy's in the bedroom
Inventing situations
Bob is on the street today
He's having a vacation

They've enlisting all their family They've enlisted all their friends It helped save the relationship And made it work again
