## Talking Heads

Time won't change you, money won't change you  
I haven't got the faintest idea  
Everything seems to be up in the air at this point

I need something to change your mind  
I need something to change your mind  
I need something to change your mind  
I need something to change your mind

Drugs won't change you, religion won't change you  
I haven't got the faintest idea  
Everything seems to be up in the air at this time

I need something to change your mind, mind  
I need something to change your mind, mind  
I need something to change your mind, mind  
I need something to change your mind, mind

Science won't change you, looks like I can't change you  
I try to talk to you to make things clear  
But you're not even listening to me  
And it comes directly from my heart to you

I need something to change your mind, mind  
I need something to change your mind, mind  
I need something to change your mind, mind  
I need something to change your mind, yeah
