Mind

Talking Heads

Time won't change you, money won't change you I haven't got the faintest idea Everything seems to be up in the air at this point

I need something to change your mind I need something to change your mind I need something to change your mind I need something to change your mind

Drugs won't change you, religion won't change you I haven't got the faintest idea Everything seems to be up in the air at this time

I need something to change your mind, mind I need something to change your mind, mind I need something to change your mind, mind I need something to change your mind, mind

Science won't change you, looks like I can't change you I try to talk to you to make things clear But you're not even listening to me And it comes directly from my heart to you

I need something to change your mind, mind I need something to change your mind, mind I need something to change your mind, mind I need something to change your mind, yeah
