Stay Hungry

Talking Heads

I think that we signify our love now Oh girl, you can initiate an impulse of love

We stay, we stay, we stay hungry
Move a muscle, move a muscle, move a muscle
Make a motion, make a motion, make a motion
Pull it tighter, pull it tighter, pull it tighter

Double beatin', double beatin', double beatin' Double beatin', double beatin', double beatin' Palpitation, palpitation, palpitation Stay hungry, stay hungry

Here's that rhythm again, here's my shoulder blade Here's the sound I made, here's the picture I saved Here's that rhythm again, here's my shoulder blade
