

# The Great Curve

## Talking Heads

Sometimes the world has a load of questions  
Seems like the world knows nothing at all  
The world is near but it's out of reach  
Some people touch it...but they can't hold on.

She is moving to describe the world  
Night must fall now-darker, darker.  
She has messages for everyone  
Night must fall now-darker, darker.  
She is moving by remote control  
Night must fall now-darker, darker.  
Hands that move her are invisible  
Night must fall now-darker, darker.

The world has a way of looking at people  
Sometimes it seems that the world is wrong  
She loves the world, and all the people in it  
She shakes 'em up when she start to walk.

She is only party human being  
Divine, to define, she is moving to define, so say so, so say so  
She defines the possibilities  
Divine, to define, she is moving to define, so say so, so say so  
Holding on for an Eternity  
Divine, to define, she is moving to define, so say so, so say so  
Gone...ending without finishing  
Divine, to define, she is moving to define, so say so, so say so

The world moves on a womans hips  
The world moves and it swivels and bops  
The world moves on a womans hips  
The world moves and it bounces and hopsu  
A world of light...she's gonna open our eyes up  
A world of light...she's gonna open our eyes up  
She's gonna hold/it move/it hold it/move it hold/it move it hold/  
it move it  
A world of light...she's gonna open out eyes up

She is moving to describe the world  
Night must fall now-darker, darker.  
She has messages for everyone  
Night must fall now-darker, darker.  
She is moving by remote control  
Night must fall now-darker, darker.  
Hands that move her are invisible  
Night must fall now-darker, darker.

Divine, to define, she is moving to define, so say so  
Night must fall now-darker, darker.  
She...has got to move the world...to move the world...to move  
the world

A world of light...she's gonna open our eyes up  
A world of light...she's gonna open our eyes up  
She's gonna hold/it move/it hold it/move it hold/it move it hold/  
it move it  
A world of light...she's gonna open out eyes up

Wanna define...so say so, so say so  
Divine to define, she is moving to define, so say so, so say so  
Night must fall now-darker, darker.  
She...has got to move the world...to move the world...to move  
the world
