

# Free Fallin'

Tamar Braxton

You're the joy in my pain  
You're the sunlight in the rain  
You're like my religion  
My best decision I've ever made in my life

Cause it's amazing  
I'm floating on air  
And I can't come down  
It's like nothing else matters to me  
Whenever you're around  
You've got me free fallin'  
You've got me free fallin' (yeah)

I feel a rush over me  
Every time that I  
Hear your name  
You're my reflection  
You're such a blessing  
I couldn't picture me  
Without your frames  
Since you've arrived  
It's like everything's different  
You're the piece  
Of my life that's been missing  
And everyday gets better  
With ...  
I would be nothing without you

Because it's amazing  
I'm floating on air  
And I can't come down  
It's like nothing else matters to me  
Whenever you're around  
You've got me free falling  
Baby you've got me free fallin' (yeah)

Sometimes I sit and think  
On how I made it through  
And who I would've been  
And where my life  
Would ever be without you  
You inspire me  
To love you better  
And I promise I will never, ever  
Hit the ground

Cause it's amazing  
I'm floating on air  
And I can't come down  
It's like nothing else matters to me  
Whenever you're around  
See baby you've got me free (free fallin')  
You've got me free (free fallin')  
Free fallin' (free fallin')

Ooo baby  
Can't you see I'm floating

I'm floating  
Don't catch me
