

Get Mine

Tamar Braxton

(2x):

As long as I get mine
It really don't matter to me
It really don't matter to me
If I give you what I want
Give me what I want
Hit me off and baby I'm straight

Boy I heard that you're girl
Thinks that you are the one
I know she know about me
And I don't care if she's
Hating me just as long
As you keep getting me
Diamond rings and all those things
That just makes me happy

(2x):

As long as I get mine
It really don't matter to me
It really don't matter to me
If I give you what I want
Give me what I want
Hit me off and baby I'm straight
Tell your girl don't call me

When she finds out that we
Go on trips, buy me gifts
And all those things that she needs
It ain't my fault that you don't do
All those things that I do
He's calling me
He's making you look like the one who's a fool

(2x):

As long as I get mine
It really don't matter to me
It really don't matter to me
If I give you what I want
Give me what I want
Hit me off and baby I'm straight

I don't wanna hear that you're only for me, oh no
And I, I don't want to be in her shoes, oh no need
So you just keep satisfying my needs
And I won't interfere with your girl and your world
And I will be right here
(As long as I get mine)
(As long as I get mine)

(4x):

As long as I get mine
It really don't matter to me
It really don't matter to me
If I give you what I want
Give me what I want
Hit me off and baby I'm straight
