

Must Be Good To You

Tamar Braxton

Remember that time, that time I blew your mind
Now you don't wanna share, must be good to you
And didn't you say that love ain't worth your time
But you're right back here, must be good to you

I put you to shame, you're in danger
Always something major
You don't know what to do
Now every time I pick up my phone you wanna lie
Yeah, I put my hooks on you (Bitch!)

Hell yeah I love it, I love it
It must've been good to ya
(Must've been good)
Must've been good
Hell yeah I love it, I love it
It must've been good to ya
Must've been good to you
You love how it feels don't ya?
You love how it kills don't ya?
Could look but don't stare
Bad be your eyes
I'll be ya feature
Call it Showtime
Yeah I know that it's good to ya
Get the picture?

Would've been my freak I know you fantasize
Look at that there, I know it look good to ya
Ya lookin' all day for me, where your flashlight?
It's right over here, and it might be in the mood for you

I put you to shame, you're in danger
Always something major
You don't know what to do
Now every time I pick up my phone you wanna lie
Yeah, I put my hooks on you (Bitch!)

Hell yeah I love it, I love it
It must've been good to ya
(Must've been good)
Must've been good
Hell yeah I love it, I love it
It must've been good to ya
Must've been good to you
You love how it feels don't ya?
You love how it kills don't ya?
Could look but don't stare
Might go blind
I'll be ya feature
Call it Showtime
Yeah I know that it's good to ya
Get the picture?

Ain't you so surprised?
I done blew your mind
Make your eyes roll back

Like it's '95
Is it good, is it good to ya?
I bet you didn't think it'd make a fool of ya
Cause I know it's that good to ya
Oh!

Hell yeah I love it, I love it
It must've been good to ya
(Must've been good)
Must've been good
Hell yeah I love it, I love it
It must've been good to ya
Must've been good to you
You love how it feels don't ya?
You love how it kills don't ya?
Could look but don't stare
Bad be your eyes
I'll be ya feature
Call it Showtime
Yeah I know that it's good to ya
Get the picture?
