

Safety In His Arms

Tamela Mann

Somewhere that I can go to ease my troubled mind
Somewhere that I can go to leave this world behind
Oh in His arms, that's where I want to be
Oh in His arms, that's where I find God's peace

And I find safety in His arms
Safety in His arms
I find peace in His arms in His arms that's where I want to be

Somewhere that I can go when things don't seem right
When all my brightest days turns to my darkest nights
Oh in His arms, that's where I want to be
Oh in His arms, that's where I find God's peace

And I find safety in His arms
Safety in His arms
I find peace in His arms in His arms
That's where I want to be

There's safety in His arms to keep me free from harm
That peace that I will find to ease my troubled mind
There's safety in His arms to keep me free from harm
And that joy that I will find to ease my troubled mind
It's in His arms in His arms
That's where I wanna be
That is where I gotta be yeah wanna be
No other place I'd rather be is in His arms
