

# The Master Plan

Tamela Mann

You may be wondering  
What's gonna happen  
How you gonna fix it?  
With nowhere to turn

With the weight  
So much weight on your shoulders  
And it seems nobody cares

Oh, hold on  
God's got the answer, yes He does  
To those questions you don't understand

You don't have to worry  
God's got, yeah, He has the master plan  
Yes He does, oh

The father knows, what's best for you, yes He does  
God always knows how to provide for you  
He always, always see you through, yes He has  
Hold on to what He's promised you

Hold on, God's got the answer  
Oh, oh, to those questions, to those questions  
My God, you don't understand, hold on  
Hold on my brother, hold on my sister

Yes my God, He's got, He's got the master plan  
Yes He does  
Whatever it is, God's got it  
You've been searching, He has it right there

My God has everything you need  
I dare you to try him  
I dare you to reach out for him  
He's knocking, He's knocking

He wants to come in, He's on the outside  
He has the answer, the master plan  
My God has, He has it, He has the master plan  
Yes, yes He does, hallelujah, He has the master plan
