

## Can U Feel Me

Tami Chynn

I don't wanna open my eyes 'cause if I do  
I'll have to leave you  
And I don't understand why my heart wont do what I tell it to

Wash over me with anything but your tears  
Wash over me with any thing but my fears come on come on  
Can you feel me? Tryin to leave your arms  
Can you hear me? begging to stay  
Can you feel me? Tryin to leave your arms  
Can you beg me beg me to stay

I don't wanna say good bye 'cause if I do I may not leave u and  
I don't ever  
Wanna cry with thoughts that I may neva' breathe you

Wash over me with anything but your tears  
Wash over me with any thing but my fears come on  
Can you feel me? Tryin' to leave your arms oh oh  
Can you hear me? begging to stay can u hear me

Y don't you warm up this lips with your fingertips lalala  
My body jus' aches up the thought of u saying goodbye lalala  
Ooh when u look at me with them gorgeous eyes  
You know that I can't pretend is this the end  
It feels so right  
So can u feel me

Can you feel me? Tryin' to leave your arms  
Can you hear me? begging to stay can u hear me  
Can you feel me? Tryin' to leave your arms your arms no  
Can you beg me beg me to stay be me to stay can u feel me  
Mamama oh  
Beg me to stay beg me to stay, ooh
