

Believe In Love

Tamia

Can you rock like this?
Keep it going, don't stop, like this.
Throw your hands up top like this,
If you ever been in love.
Can you rock like this?
Keep it going, don't stop, like this.
Throw your hands up top like this,
If you ever been in love.

Let me tell you something 'bout this beat
Don't it make you wanna move sexy?
Right now I have that feeling,
Tell me it ain't just me.
Take a minute now, one two three
Rock your body like no one can see
This one's for the lover in you
Come on and set that free

Ladies, if you feel good
You can flaunt it
Come on, come on, come on, come on...

Baby, I gotta sing it
Love is invincible
If you believe in it
Stand up, I gotta dance cause
This feels incredible
Yes, I believe in this love

Can you rock like this?
Keep it going, don't stop, like this.
Throw your hands up top like this,
If you ever been in love.

Anyone tryna kill your vibe (your vibe)
Let 'em sit there, pay 'em no mind
Don't know what they're missing out on
And right now, we ain't got time
To tell 'em what love's about
We're too busy workin' it out
Keep goin' like there's no tomorrow
So come on baby, make this count

Baby, I gotta sing it
Love is invincible (invincible)
If you believe in it (believe in it baby)
Stand up, I gotta dance cause
This feels incredible (incredible)
Yes, I believe in this love

Ladies, if you feel good

Love is invincible
If you believe in it (believe in it baby)
Stand up, I gotta dance cause
