

# Can't No Man

Tamia

Mmm, mmm, mmm yeah  
Oh oh ohh, ooh ooh

I can't let you go babe  
I don't think that I could (I never could)  
Cuz everytime I try to forget you  
I think about the sex is too good (yeah)  
The way you hold my body babe  
There's no other man that could  
And even if he tried to turn me on  
I don't think that he would, yeah

Can't no feet fill your shoe  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground

Can't no ?? wit' you  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground

Everytime we argue babe  
I just wanna give up  
But when I see your face babe  
I just wanna make up  
Cuz there's no other man  
That be pleasing me  
And not only are you incredible  
Baby I'm in L-O-V-E, yeah

Can't no ?? wit' you  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground  
Can't no ?? wit' you  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground

I'm just so caught up on you  
I just don't know what to do  
I can't get enough of you  
I'm gon' spend my life with you  
Baby can't you feel it too  
The love between me and you  
Baby you gon' mark your ground  
Baby I won't turn you down

I'm just so caught up on you  
I just don't know what to do  
I can't get enough of you  
I'm gon' spend my life with you  
Baby can't you feel it too  
The love between me and you  
Baby you gon' mark your ground  
Baby I won't turn you down

Can't no ?? wit' you  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground  
Can't no ?? wit' you  
Ain't no other man can rock me like you do  
They can try to huff and puff and blow you down  
But when we make love baby, you mark your ground
