

Dance My Dreams

Tamia

Spinning, twirling, flying away
Memories guide me from yesterday
Time will reveal my destiny
So why should I fight
What's right for me?

I'll live, I'll breathe
I'll dance my dreams

Hold me, kiss me
Look through my eyes
Know me, feel me
No more disguise
So why should I fight
What's planned for me?

Take my hand
Dance in my world
As I live, I breathe
I dance my dreams
Tomorrow will be mine
Today is ours
I will never let go
Until time unwinds
Today I have just arrived
