

## Give Me You

Tamia

Sexy words (sexy words)  
Don't mean that much to me  
'cause I've heard just about everything  
That a man could ever say  
To me to make me stay  
Before, now I need more

So don't bring me roses bring me the truth  
Don't buy me diamonds 'cause that just won't do  
Material things I could buy myself if I really want to  
I need something special I need something new  
Just give me you

Spear me the parts (spear me the parts)  
When you shower me with gifts  
Don't send me cards no box of chocolates  
And don't promise me the world  
I'm not that type of girl that needs that to feel complete  
So don't bring me roses bring me the truth  
And don't buy me diamonds cause that just won't do  
Material things I could buy myself if I really want to  
I need something special I need something new  
Just give me you  
Just give me you

Things on this world don't mean that much to me  
I need your heart and I need honesty  
If all you got is flashiness then please turn around and leave  
So don't bring me roses bring me the truth  
Don't buy me diamonds 'cause that just won't do  
Material things I could buy myself if I really want to  
I need something special I need something new  
So don't bring me roses bring me the truth  
Don't buy me diamonds cause that just won't do  
Material things I could buy myself if I really want to  
I need something special I need something new  
Just give me you  
Just give me you  
All I need is you  
Give me you  
Sexy words don't mean that much to me  
Give me you  
Give me you
