Is It Over Yet

Tell me when I can open my eyes I don't want to watch you walk out that door There's no easy way to get through goodbye I'd probably try and talk you into staying once more Or I'd lie and say it's all for the best Wish you luck and say I have no regrets But I'm not up to being strong So I'll wait until you're gone Is it over yet, is it over yet? A taxi's waiting in the driveway for you You call my name, I guess your ready to leave I'd like to help you with a suitcase or two But I'm afraid I'm gonna wind up down on my knees I should tell you that I want you to go I really need to spend some time on my own Smile and say goodbye So you don't see me dying inside Is it over yet, is it over yet? I should lie and say it's all for the best Wish you luck and say I have no regrets But I'm not up to being strong So I'll wait until your gone Is it over yet, is it over yet?
